## **ABOUT US**

---

*CELIM - Impact to change*

## *Impact to change*

### *Promoting lasting progress of individual communities*

Our interventions are targeted and are the result of a careful analysis of available resources and local situation. Their effects are permanent and live on with the community, continuously changing it and being transformed with it.

*Community*

### *Interventions of fixed duration*

Projects always have a specific timeframe, although CELIM keeps on monitoring them over time.

*Change*

### *Sharing self-determination processes and training*

Training interventions are aimed at starting professions and economic activities which are sustainable over the long term, and which are supported with interventions of microcredit and functional literacy. Our staff always works in synergy with reputable local operators and organizations: the goal is to train personnel so that, at the end of the intervention, they are able to manage independently launched projects.

*Competence*

## *The roots that guide our choices*

### *Family*

Since the early 80s CELIM has been promoting international volunteering for families and young couples, as well as individuals. It is no coincidence that among the returning lay missionaries are many members of the Family Community (Mondo Comunità Famiglie).

### *Partnership, project self-sufficiency and autonomy of beneficiaries*

In those countries where we work, we co-operate with local partners, helping them implement activities with the aim of creating the conditions of autonomy on which a new and surprising future can be built.

### *The link with the Diocese of Milan*

CELIM was founded in 1954 as a spontaneous association movement within Milan's Diocesan world in support of missionary activity in the southern hemisphere; while fully respecting the Association's strategic choices, the Diocese of Milan still plays an important role.

### *An 'artisanal' approach to co-operation*

Our volunteers combine experience and skills with passion and spirit of service, while fully respecting the cultures they come across; we call them 'artisans of development' because through small, discreet and at the same time specific acts they help bring a real, significant improvement to the living conditions of many people.

## *We keep on getting results*

Since 1954 we have been operating in countries of Africa, Latin America, Asia and Eastern Europe. Nowadays we manage international cooperation projects in Africa, the Balkans and the Middle East. In Italy we promote rights, participation in the management of common goods, self-knowledge and knowledge of the other as well as integration through awareness-raising campaigns and services for schools, groups, companies and all those interested in volunteering.

# HOW WE ARE ORGANIZED

*Our little world in the world*

CELIM's **Membership Register** counts 59 registered members: due to a lack of membership fulfilment by members and following a direct communication, in 2016 46 people confirmed their 'ordinary member' status, 25 chose to become 'supporting member' (supporters, they do not pay a membership fee nor do they have the right to vote), 37 were deleted from the Register and 13 new people applied for membership and were accepted.

The **Board of Directors** comprises 7 members including the Chairman, 6 of whom are elected by the Board and one is appointed by the Archbishop of Milan on his behalf. The members are all volunteers, and they remain in office for three years, although they can be re-elected (art. 8 Articles of Association). Andrea Pierangelo Campoleoni has been the Chairman and Legal Representative of the Association since 2015.

The group of **Guarantors** comprises significant personalities from the academic, ecclesiastical, entrepreneurial and social world, who share CELIM's values and support its activities: there are 12 official Guarantors, who are regularly joined by 6 other people.

On the occasion of the ordinary meeting on 16th April 2016, the new Articles of Association were approved and the association's legal personality was requested from the Prefecture of Milan and obtained on 19th August 2016.

## Herbal teas, jams and sauces in Kenya

Kenya,  
Tharaka-Nithi County,  
Meru Village

255 among farmers and  
Meru Herbs' staff

Chamomile, hibiscus, tropical fruit, tomatoes and chili are the products the farmers from Tharaka-Nithi deliver to the Meru Herbs co-operative; after turning them into herbal teas, jams and sauces, the co-operative exports them to Italy through fair trade, to improve the living conditions of women and young people of the agri-food production chains linked to the Co-operative.

**Project objectives:** to increase agricultural production and to improve the efficiency of the Meru Herbs co-operative and make it economically self-sustainable in order to improve the living conditions of women and young people in the County's rural areas.

**Project Title:** Enhancement of agri-food supply chains and development of renewable energy sources in the county of Tharaka Nithi

**Donors:** AICS, CEI

**Partners:** IPSIA Kenya, Meru Herbs

**Other entities involved:** Diocese of Meru, Ng'uuru Gakirwe Water Project Trust (NGWP Trust)

**Start date:** 04/01/2015

**Total expected duration:** 3 years

**Reference period:** 1st January / 31st December 2016

**Project cost in the period:** 157,536 €

## For healthy eating in Mozambique

Mozambique,  
Maxixe District

9 nurseries  
involved in the  
activities

500 children and 540  
mothers and teachers  
involved in the school  
vegetable gardens

While in Italy the rate of childhood obesity is one of the highest among Western countries – second only to the United States -, in Mozambique about one child out of two aged 0 to 5 suffers from some form of malnutrition. With this project, we aim to help avoid the irreversible consequences that may arise from inadequate nutrition.

**Project's objectives:** to reduce drastically malnutrition rates in children aged 0 to 5 in the local communities of the Inhambane province, to create agri-food education to achieve a better exploitation of resources and to raise awareness on nutrition issues.

**Project Title:** Supporting quality nutrition: a project for the Maxixe District

**Donors:** CEI, Archdiocese of Milan, Tavola Valdese, Fondo di Beneficenza Intesa Sanpaolo, 8 x 1000 State

**Partners:** Congregação Sagrada Família em Moçambique

**Other entities involved:** Municipality of Maxixe, Radio Progresso Maxixe, CeTamb-Lab

**Start date:** 10/12/2015

**Project cost in the period:** 128,883 €

*Do not give me a fish, teach me how to fish*

Mozambique,  
Zambezia Province,  
Districts of Mopeia e  
Morrumbala

810 beneficiaries between  
fishermen, traders and  
people involved in nutrition  
training

18 fishing centres  
involved in the  
activities = 31,860  
people

In the province of Zambezia, one of the poorest regions of Mozambique, flows the raging Zambezi, the largest river flowing into the Indian Ocean. Here, river and lake fishing is one of the most popular activities and represents the main source of livelihood for most households; yet, because of the lack of means, such practice cannot evolve.

**Project's objectives:** to improve the small-scale river fishing sector so that, from an activity of mere subsistence, it can become an important source of income for fishermen, fish traders and their families in the Mopeia and Morrumbala districts.

**Project Title:** Promotion of small-scale river fishing in the districts of Mopeia and Morrumbala

**Donors:** AICS, Tavola Valdese, Fondo di Beneficienza Intesa Sanpaolo, Archdiocese of Milan

**Partners:** IDPPE

**Start date:** 03/01/2014

**Total expected duration:** 3 years + 9 months

**Reference period:** 1st January / 31st December 2016

**Project cost in the period:** 176,323 €

## Tackling food emergency in Mozambique

Mozambique, Zambezia Province, Districts of Mopeia, Derre, Luabo, Morrumbala

351 rural associations and 6,272 small producers involved

population of the 4 districts = 701,977 people

2016 was a year of food crisis in Africa that affected nearly 15 million people: in Mozambique in particular, El Niño caused an excessive drought that exacerbated the already vulnerable nutritional conditions of the population.

Activities focus on four districts of Zambezia, one of the economically poorest regions of Mozambique, where families live off agriculture and livestock.

**Project's objectives:** to improve the production and commercial efficiency of the agricultural sector to respond to the region's emergency and food and nutritional vulnerability.

**Project Title:** Emergency response through integrated agricultural development in Zambezia

**Donors:** AICS, Tavola Valdese

**Partners:** Nexus

**Other entities involved:** União Provincial dos Camponeses de Zambézia (UPC-Z)

**Start date:** 10/11/2016

**Total expected duration:** 9 months + 2 months

**Reference period:** 11 October / 31st December 2016

**Project cost in the period:** 152,368 €

## Selective waste collection and recycling in Mozambique

Mozambique,  
Zambezia Province,  
City of Quelimane

1,398 people involved  
in the activities

193,343 city dwellers  
benefitting from the  
activities

A Quelimane, nel Nord del Mozambico, l'enorme produzione e la scarsa gestione dei rifiuti stanno provocando devastanti danni ambientali e costringendo gli abitanti a vivere in pessime condizioni igienico-sanitarie.

**Project's objectives:** rafforzare la cooperazione tra le autorità locali, la società civile e il settore privato nella raccolta e nella gestione dei rifiuti solidi urbani. In particolare, sostenere l'azienda municipale incaricata della gestione dei rifiuti e creare piccole e medie imprese da coinvolgere in attività legate alla raccolta, al compostaggio e al riciclaggio.

**Project Title:** Environmental protection and reclamation of urban and suburban environment in Quelimane

**Donors:** EU, Lombardy Region, Municipality of Milan

**Partners:** Comune di Milano, CeTamb LAB, Consiglio Municipale della Città di Quelimane, AMSA, SAMcom

**Start date:** 12/01/2016

**Total expected duration:** 2 years

**Project cost in the period:** 914 €

*For a quality education in Zambia*

Zambia, Southern e Lusaka Province,  
District of Siavonga and Chirundu

8 community schools, 1,133 pupils e 31  
teachers involved in the activities

Continuing and expanding the activities of the 'Support for basic education - Community School' project.

Improving the quality of basic and early childhood education in eight community schools as a way of promoting human development, fostering community participation in school life and management, and developing clear policies on community schools.

**Project's objectives:** strengthening civil society as a prerequisite for the development of a more equitable, open and democratic society.

**Project Title:** Quality Education for a Sound development. Improving Early Childhood Education and Basic Education for Marginalized Children

**Donors:** EU, CEI

**Partners:** St Matthias Parish e St Kizito Parish della Diocesi di Monze

## Promoting an eco-sustainable business in Zambia

Zambia, Western Province,  
Mongu District

the entire population of  
Mongu will benefit from  
forest conservation =  
150,000 people

2,000 people will  
use the new type of  
fuel

For many years, CELIM has been working in the District of Mongu implementing activities of sustainable forest management. This new two-year project aims to reduce the indiscriminate felling of trees, which mainly arises from the need to produce charcoal for everyday use.

**Project's objectives:** to reduce the environmental, social and economic degradation of the Western Province by cutting down the use of charcoal replacing it with briquettes made with waste material, in collaboration with a local private enterprise.

**Project Title:** Briquette production and inclusive green economy in Mongu. A bridge for a sustainable business.

**Donors:** EEP (Finnish Ministry of Foreign Affairs)

**Partners:** Mongu Joinery Sawmill, Diocese of Mongu Development Center – DMDC, Forestry Department, Barotse Royal Establishment

**Start date:** 06/10/2015

# WOMEN AND CHILDREN BEHIND BARS

## Guaranteeing human rights in prisons in Zambia

Zambia, Provinces of Lusaka, Central, Western, Southern

49 prison officers and guards, 192 women, 12 children under 5, 55 officers of Education, Health and Interior's Ministries

5,340 prisoners in 7 prisons

The prison system in Zambia has been in alarming conditions for some time, particularly as far as inmates' health care, nutrition and education are concerned. In terms of rehabilitation and reintegration in society the emergency is even more evident. CELIM, in co-operation with Caritas, intends to take action to promote the respect of Zambian prisoners' human rights.

**Project's objective:** to improve the living conditions of detainees in seven prisons, paying particular attention to women and the children held in prison with them.

**Project Title:** Improving health care and education within Zambian prisons for women and children through the promotion of human rights

**Donors:** EU, Tavola Valdese, Fondo di Beneficenza Intesa Sanpaolo

## Being born and surviving in Zambia

Zambia, Southern Province,  
Siavonga District,  
City of Chirundu

4,190 women  
can access the  
maternity ward

60,000 beds, the MMH's  
catchment area

Giving birth in Zambia often leads to the death of the child or the mother. Full-term or premature births, incomplete abortions, pelvic inflammation are in fact the most frequent causes for hospitalisation. For this reason, the doctors of the Mtendere Mission Hospital work every day to make birth a moment of joy.

**Project's objectives:** reducing mother and child death rate by guaranteeing access to services and the quality of assistance, particularly in the southern district of Chirundu, through medical staff training and assistance to the 8 rural clinics that refer to the only hospital of this area.

**Project Title:** Improving the quality of and access to mother and neonatal healthcare services in the District of Chirundu

**Donors:** CEI

**Partners:** Mtendere Mission Hospital (MMH)

**Start date:** 05/01/2016

**Total expected duration:** 1 year

**Project cost in the period:** 238,361 €

## A piece of Italy in Livingstone

Zambia, Southern Province,  
City of Livingstone

24 young people working in  
the restaurant-guests house

6,500 € of incoming being used to finance  
YCTC activities for 150 pupils

Olga's is not just a pizza restaurant - guest house, it's the fulfilment of an educational project for the most vulnerable young people in Livingstone. Olga's is a non-profit organization: all profits are reinvested in the Youth Community Training Center (YCTC), a vocational training school created in 1999 by CELIM and the Diocese of Livingstone.

YCTC offers courses in hydraulic and electrical systems, tailoring, IT, building construction and catering. Moreover, most of Olga's employees are former students of the YCTC catering course.

**Donors:** self-financing

**Partners:** Diocese of Livingstone

**Start date:** September 2008

**Total expected duration:** 13 years

**Reference period:** 1 January / 31st December 2016

## Starting to live again in a land called Lebanon

Lebanon, Beirut

416 economic migrant women, 184 women and 94 children runaway from Syria and Palestine

Women and Lebanon, common elements of two distinct aid interventions born out of a single project. In co-operation with Caritas, we help Syrian refugee women from war zones with their children and we support migrant women from different countries, stuck in Lebanon in spite of themselves. Beyond their individual stories, all these women share denied dignity and rights.

**Project objectives:** to provide basic goods and survival kits, socio-psychological-health assistance, integration, literacy and education in the refugee camp of Dbayeh in Beirut; psycho-social-legal support and professional qualification in the Pine and Olive centres near the capital.

## *Umanità e competenza al servizio degli altri*

Volunteers are our greatest resource: these committed people put their time and expertise at the service of our activities and projects and the relative management and implementation, at both national and global level.

Voluntary support has been worked out taking into account the hour/day values established by the Ministry of Foreign Affairs and for the Association it is in fact a wealth in terms of experiences and support.

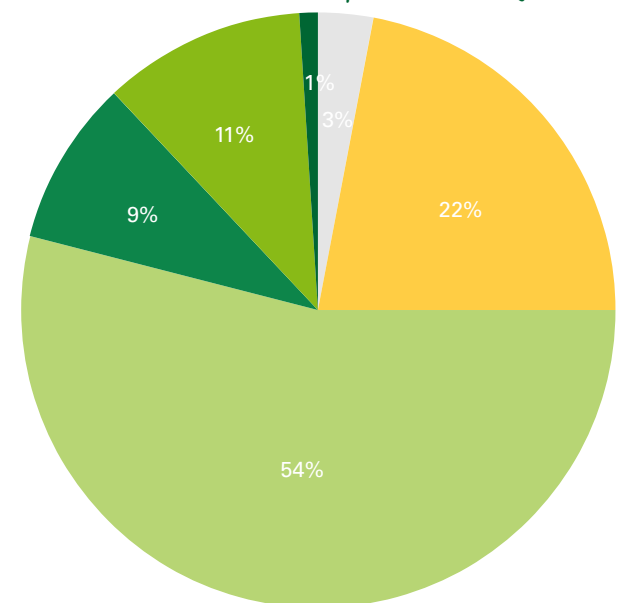

*Volunteers per working area*

**Keys**

board of Directors	7 people	182 hours
administration support	3 people	1196 hours
education activities in Italy	10 people	2992 hours
cooperation activities	1 person	480 hours
communication and fund raising support	98 people	630 hours
human resources support	1 person	72 hours

*Volunteers per working hours*

We have volunteers helping daily in our office, enabling us to carry on working as efficiently as possible; other volunteers regularly help our educators who operate in schools and in meeting centres; still others give us a hand now and again to organise stalls and information and fund-raising activities. And there are volunteers who, with their spirit of initiative, decide to organise awareness- and fund-raising events on their own territory, involving their network of acquaintances. As funded by the Articles of Association, the Board of Directors' members are all volunteers. Everyone of them is important to us. Everyone of them gets an experience of limitless growth and experience in return.

The [European Voluntary Service](#) is an international volunteering experience funded by the European Commission aimed at all young people aged between 17 and 30. The programme allows them to work as volunteers for an organisation or public entity in Europe and in the countries of the Euro-Mediterranean and Caucasian area for a minimum period of 2 weeks to 12 months.

Since 2014 CELIM has been an accredited reception association and has been co-operating with the Joint association: in 2016 we hosted three girls from Brazil, Kosovo and Spain.

## *A once-in-a-lifetime experience*

The Voluntary National Civil Service was created to promote among young Italian citizens the implementation of the constitutional principles of social solidarity, to actively help safeguarding and protecting our Country's heritage and to contribute to civic, social, cultural and professional training. FOCSIV and its Members offer young people aged between 18 and 29 the chance to live for 12 months a unique experience of growth and personal and professional enrichment, through which they can contribute, both nationally and internationally, to social cohesion and civil commitment processes.

Volunteers taking part in projects abroad work as 'White helmets' in areas of social conflict with the crucial task of preventing situations of human, cultural and economic distress. How? Through development-fostering activities aimed at creating peace, protecting human rights and overcoming

the conditions of social injustice in many different project sectors, from the economic and managerial one to the socio-educational and the rural and environmental one.

**CELIM has had the accreditation of civil service association since 2003:** up until August 2016 (2015/16 call), 16 young persons have been serving with us, 12 abroad and 4 in Italy. As many have been serving since October (2016/17 call).

structure	263,182 €
services to third parties	402,408 €
cooperation projects	1,639,689 €

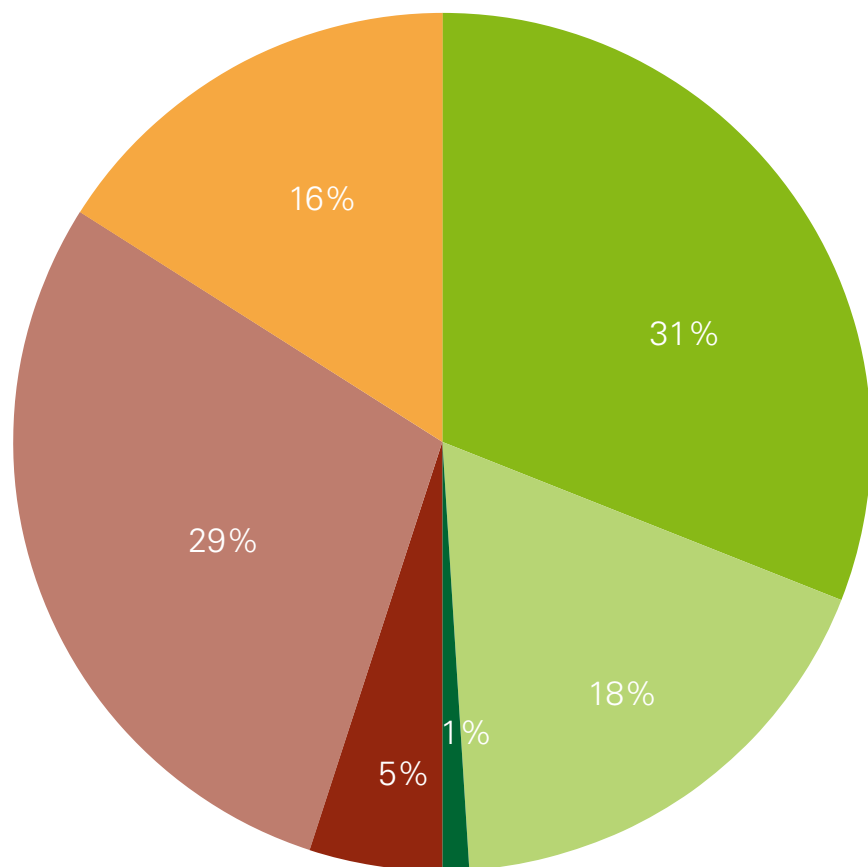

- The **fees** paid refer to membership to: Focsiv, CoLomba, VpS, Ong2.0.
- As a result of the sector's strengthening, fundraising and CELIM's visibility costs have risen compared with the previous year, both in terms of staff involved (a new figure, 70% devoted to FR activities) and realised activities. We have also invested in image and website restyling.
- Our **running costs** include: rent and utilities, material, audit certificate, administrative staff wages, projects and human resources. In February, we moved from Via San Calimero to Via degli Arcimboldi, still in the centre of Milan: the new office's free loan for use means that rental costs have been reduced, even though we have made some expensive structural changes. A 30% overheads relating to an employee who has handled the transfer logistics and has maintained this position for the year's current activities, together with the inclusion in the team of a new Africa desk have led to an increase in staff costs in the administrative and project sectors.
- **Services to third parties** refer to activities offered to: Caritas Ambrosiana, Caritas Italiana, Managing Agency of the Chirundu Hospital, Archdiocese of Milan.

Co-operation projects worldwide, education projects in Italy, services carried out on behalf of third parties and volunteering are considered **institutional activities**.

**Running costs** include: the structure's costs [see expenditure page 42], promotional communication and fundraising activities, and subscriptions to networks and federations.

As shown in the previous page, this year's running costs have increased due to the refurbishment and compliance of the new office premises, as well as the development of the Projects and Fundraising sectors, which comprised two new employees and the investment in image and website restyling.

## **Report of the independent auditors**

To the Board of Directors of  
Ce.L.I.M. – Centro Laici Italiani per le Missioni

### **Report on the financial statements**

We have audited the financial statements Ce.L.I.M. – Centro Laici Italiani per le Missioni consisting of the balance sheet as at 31.12.2016, the income statement for the year ended on that date and the report of the Board of Directors.

### **Responsibility of the Board of Directors for the balance sheet**

The Board of Directors are responsible for the preparation of the financial statements that give a true and fair view in accordance with the Italian regulations governing their preparation.

### **Responsibility of the independent audit company**

Our responsibility is to express an opinion on the financial statements based on our audit. This report is not carried out according to law, as Ce.L.I.M. – Centro Laici Italiani per le Missioni is not obliged by law to accounting control according to ex article 2409 of the civil code.

An audit involves performing procedures to obtain evidence about the amounts and disclosures of the financial statements. These selected procedures depend on the auditor's judgement, including the assessment of risks of material misstatements due to fraud or unintentional events. In doing those risk assessments, the auditor considers internal control relevant for the preparation of the company's financial statements that give a true and fair view in order to define audit procedures appropriate to the circumstances, and not to express an opinion on the effectiveness of the company' internal control system.

An audit also includes the evaluation of the appropriateness of accounting policies used and the reasonableness of accounting evaluations made by the management, as well as evaluation regarding the presentation of the financial statements as a whole.

We believe to have obtained sufficient appropriate evidence on which our judgement can be based.

### **Opinion**

In our opinion, the financial statements give a true and fair view of the financial position of Ce.L.I.M. – Centro Laici Italiani per le Missioni as at 31.12.2016, of the profit for the year ended on that date, in compliance with Italian regulations governing their preparation.
