FAQ 1 Eligibility of applicants: Can private companies apply?

Question:

Can a private company legally registered and operating in the relevant field apply under this Call for Proposals? Section 2.2 states that applicants must be legal entities. Does this mean that private companies are eligible?

Answer:

No. Although a private company may qualify as a legal entity, the eligibility criteria listed in Section 2.2 of the Guidelines are not complementary. Applicants must meet all the requirements, including being non-profit-making and qualifying as a non-governmental organisation (NGO), civil society organisation (CSO), foundation, association or Local Action Group (LAG). Therefore, private for-profit companies are not eligible to apply.

FAQ 2 Financial documentation

Question:

Regarding the financial information requested in the application form, which supporting documents should applicants provide? Are bank account statements, annual turnover information or annual financial statements (balance sheets) required?

Answer:

As specified in Section 3.2 of the Guidelines, applicants should provide a copy of their latest available annual financial statement or financial report, where available.
